photosynthesis
response to metal ion
response to light stimulus
photosynthesis, light reaction
response to temperature stimulus
response to heat
nicotinamide nucleotide metabolic process
response to cadmium ion
nucleobase-containing small molecule metabolic process
response to salt stress
monoatomic ion transmembrane transport
purine nucleotide metabolic process
response to osmotic stress
carboxylic acid metabolic process
peptide biosynthetic process
translation
peptide metabolic process
pyridine-containing compound metabolic process
response to alcohol
mesophyll
root hair
meristematic
guard cell
root cap
epidermis
xylem
cortex
phloem
vascular
procambium
pericycle
